

Event Agenda

12:00PM – 1:00PM	Arrival & Networking
1:00PM – 1:15PM	Welcome & Opening Remarks <p>Lisa will open the summit with a warm welcome, introducing the event’s purpose and setting the stage for a dynamic conversation about innovation, leadership, and strategic transformation.</p>
1:15PM – 1:30PM	CIO Report Highlights: 2025 APAC Insights <p>Win will share key insights from the 2025 APAC CIO Report, highlighting emerging CIO priorities and shifting trends across the region. He will discuss why strategic partnerships are more critical than ever and what effective, outcome-driven collaborations look like today. Attendees will leave with practical ideas to rethink how they engage partners to drive measurable business impact.</p> <p>Speakers Chong-Win Lee - CEO, Logicalis Asia Pacific</p>
1:30PM – 2:10PM	Roundtable Segment <p>Participants will take part in focused tabletop conversations exploring key challenges facing CIOs today, including how to align IT strategy with business goals to drive measurable digital outcomes and justify investment, how to build a culture of innovation by attracting and retaining talent, and how to move beyond the hype to embed AI securely and responsibly into operations for meaningful business impact.</p> <p>Various Vendors</p>
2:10PM – 2:30PM	Afternoon Tea <p>Break</p>
2:30PM – 3:15PM	Fireside Chat: Driving Real Outcomes Through Collaborative Innovation <p>Join Lisa Fortey and a featured customer as they explore how trusted partnerships, innovation, and practical execution are delivering measurable business outcomes across industries.</p> <p>Speakers Lisa Fortey - General Manager, Logicalis Australia</p>
3:15PM – 4:15PM	Art of Future Thinking Keynote <p>If being able to see what’s coming is the ultimate competitive advantage, then strategic foresight is an essential skill for every modern leader. In a world defined by uncertainty and rapid change, futurism offers a powerful alternative to reactive thinking - enabling organisations to prosper by anticipating challenges, discovering new opportunities and building adaptive capacity. Join Simon Waller to reflect on the CIO Summit's insights, identifying signals to proactively shape your organisation's path in an uncertain world.</p> <p>Speakers Simon Waller, Futurist</p>
4:15PM – 5:00PM	Networking <p>The day concludes with a relaxed networking session. Attendees are invited to continue the conversation over refreshments and deepen connections with fellow leaders and experts.</p>
